

STARTER DRIVES AND SOLENOIDS

WHO WE ARE

ACCUMAX offers a full line of new and remanufactured starter drives, solenoids, and small switches. Our staff has over 50 years of combined experience in manufacturing and development of starter drives and solenoids to meet the needs and strict quality requirements of the automotive industry. Our manufacturing and warehousing facility is centrally located in the U.S. in Joplin, Missouri. Our ISO certified and OE approved factory overseas also allows us competitive, high quality products for import and late model domestic application solenoids. If you are not using ACCUMAX we hope you will consider us as an option. Once you have tried our products you will see why ACCUMAX is an approved source to several OE (Original Equipment) companies. Quality and service are our priorities.
